

Providing Essential Covid-19 Testing Across the U.S.

**Kelly supports an amazing
pharma client in their fight
against Covid-19.**

Right now, a U.S. pharma client is working incredibly hard to ship Coronavirus testing kits across the U.S. Their commitment to quickly and expertly responding to the growing crisis will save lives.

Across their sites, this means an unprecedented ramping up of operations. Our Kelly team has helped them to quickly access expert talent where they need it most and expand their capacity.

Thank you to all the amazing members of the Kelly community – individuals and organizations – who are doing their part in the battle against this global crisis.
