

# Ramping up Food Distribution

**An incredible Kelly client increases production to ensure food reaches the vulnerable and isolating.**

Over the past two weeks, a food distribution client has welcomed more than 145 new Kelly temporary employees to their production team with the help of Kelly colleagues.

These workers will be instrumental in ensuring this food home-delivery organization can continue to meet demand. Meaning that those who are self-isolating or practicing social distancing can access a reliable source of nutritious meals.

**Thank you** to all the amazing members of the Kelly community – individuals and organizations – who are doing their part in the battle against this global crisis.
